DESCRIPTION	MODEL
A Eaton 25U Rack	ETN-VS2252440
B Buffalo 10GbE, 12 Port, Layer 2 Switch	BS-MP2012
C Eaton Managed Rack PDU, 1U, 120V, 5-15P input, (8) 5-15R output	EMAT08-10
D Eaton blanking panels	ETN-PBP1U10
E Scale Computing 3-node 10TBu HCI Cluster	HE550
F Buffalo enterprise class 12 bay 2U NAS, ships with 16TB (4x4TB) drives, expandable to 12x4TB = 48 TB for future growth. Other TB configurations available up to 192 TB	TS51210RH1604
G Eaton 5PX 120V, 1440W UPS, 5-15P input, (8) 5-15R output, network card included	5PX1500RTN
H Eaton 5PX External Battery Module	5PXEBM48RT
Environmental Monitoring Probe	EMPDT1H1C2
Eaton Intelligent Power Manager software	IPM-BASIC

Datacenter-in-a-box for under $15k

As companies are increasingly burdened by costly, unreliable and difficult-to-manage IT infrastructure, they need to rethink how infrastructure is designed if they are balancing high performance and availability with limited resources. Eaton, Buffalo and Scale Computing are working together to deliver highly available, simplified and affordable datacenter solutions.

The Power of Three

Scale Computing integrates storage, servers, and virtualization software into an all-in-one appliance-based system that is scalable, self-healing, and as easy to manage as a single server. Buffalo Network Attached Storage (NAS) delivers a high-performance, secure, scalable solution that allows users to reserve high-availability/higher cost per terabyte production storage for essential business applications. Add Eaton's power management solutions and companies can control power resources automatically for enhanced uptime and greater data protection.

SCALE COMPUTING

BUFFALO

Affordably ensure high performance and availability

Eaton, Buffalo and Scale Computing offer realistic solutions that are easy to manage and maintain yet very affordable to fit datacenters of various sizes.

	SMALL	MEDIUM	LARGE
SCALE COMPUTING	HE150 2TB Network Storage Appliance	HE150 250GB NVMe	HE550 2TBu HCI
BUFFALO	TeraStation 4TB NAS	TeraStation 4TB NAS	TeraStation 16TB 2U NAS
EATON *Powering Business Worldwide*	5P Tower UPS	5P Tower UPS	Rack enclosure, 9PX UPS, Rack PDU, EMP, TANLock, IPM software
