# Powering HPE K-12 solutions

What do these HPE K-12 solutions have in common? They all need clean, reliable power to effectively deliver critical IT applications to their users.

Eaton’s power infrastructure solutions easily integrate with HPE products, simplify power management and ensure business continuity. As an HPE Technology Partner, you can be assured that Eaton solutions have been proven to provide rich, integrated functionality with HPE technologies for quick and effective deployment and operation so you can concentrate on business needs. Eaton IPM software is an HPE Composable Infrastructure Tested solution which integrates with HPE OneView to automate provisioning, configuration and monitoring of the power infrastructure.

See the table below to find our recommended Eaton products for HPE solutions geared for K-12 applications.

	Access Points	Switches, Routers	Controllers	Tower Servers	Rack Servers, Blade Systems	Data Storage
<b>HPE Equipment</b>						
<b>Eaton UPS Good</b>	3S	5P	5P	5SC	5P	5P
<b>Eaton UPS Better</b>	5S	5PX	5PX	5P	5PX	5PX
<b>Eaton UPS Best</b>	5SC	9PX	9PX	9SX	9PX	9PX
